

*Application No. 10/764,422*

**AMENDMENTS TO THE SPECIFICATION**

Please replace the title with the following title:

**“DIELECTRIC MATERIALS WITH MODIFIED DIELECTRIC CONSTANTS”**

At page 1, line 4, please delete the blank after “U.S. Patent No.” and insert 6,795,020.

Please replace the paragraph under the heading “Field of the Invention” at lines 7-9 with the following paragraph:

Dielectric materials having modified dielectric constants, and methods for modifying the dielectric constant of a dielectric material are provided.

Furthermore, antenna apparatuses incorporating dielectric materials with a modified dielectric constant and methods for providing antenna components are provided.

Please replace the abstract at page 41, lines 1-15, with the abstract set forth on the separate sheet attached to this Amendment and Response.
